How much teaching experience do you have?

I coached a 8-10 year old soccer team for 2 seasons in 2014. I also worked as a teaching assistant for a college biology class for 2 semesters in 2015.

Please rank the following:

Location	☐	☐	☒
Quality of Life	☐	☐	☒

Travel	☐	☐	☒

What are your hobbies?

Traveling, partying, meeting new people, playing guitar, lifting weights

Do you know where you want to teach?

Russia would be my first choice but salaries are low there... so initially wherever I can get the highest salary to pay off loans without sacrificing the ability to meet women and go out at night.

Do you have short term, medium term, and long term goals? If so, what are they?

Short term: I want to live and work in Russia within the next 5 years, preferably Moscow.

Long term: nebulous but I'd like to have businesses/investments that make money on their own so that my time is free to live my best life and make it a decision to work for someone instead of an obligation

Long term: have a salary equivalent to the one I had in the US (\$80k) but in one of these eastern countries (Russia, Thailand, Eastern Europe)

How can I best help you reach these goals?

Insight into whether this initial contract that I received is any good.

Insight into where my expectations should be monetarily as far as English teaching as a career esp. as I gain experience

(extra) Further insight into long term financial management (though I haven't had the chance to read the ebook yet so that might answer all my worries/concerns)

Do you have any specific questions at this time?

Is the contract that I received from English First any good? (see contract questionnaire form and attached files)
