EDUCATION AND CERTIFICATIONS

West Virginia University, Morgantown, WV
Bachelor of Science, Chemical Engineering May 2018

- McNair Scholar; WV Promise Scholarship, Storer Scholarship, Honors College Dean's Scholar

Global English (Online), Morgantown, WV
240-Hour TEFL Certificate August 2019

Professional Bartending School, Arlington, VA
40-Hour Mixology Certification; TAM Certification 2019

305 Fitness, Online
Certified Dance Instructor September 2020

Zumba Fitness (ZIN), Online
Licensed Zumba Instructor (B1) June 2021

Arizona Department of Education
Standard Adult Education Certificate Valid May 2026 to January 2039

Substitute Certificate, PreK-12 Valid May 2026 to January 2033

Subject Matter Expert Certificate, 6-12 (Chemistry) Valid May 2026 to January 2039

PROFESSIONAL EXPERIENCE

Desert Services, LLC, Phoenix, AZ
Project Coordinator October 2025 to April 2026

- Hired by the CEO as Project Coordinator (start October 20, 2025; \$70,000 base plus a 180-day performance bonus), with the role scoped to grow toward a Business Analyst function.
- Built and maintained internal data systems (the "desert-services-hub"): migrated records to PostgreSQL and automated the processing and classification of internal construction contracts.
- Coordinated construction-site permitting, including Maricopa County dust-control permits filed under general-contractor names, and automated parcel/APN lookups against the county's ArcGIS assessor system across multiple job sites.
- Maintained contractor and general-contractor contact records and coordinated project data across active jobs.

Weigh Anchor, Remote
Senior Project Manager - Automation, Construction February 2022 to Present

- Engagement began February 8, 2022 as a 1099 contractor to Joey Duren (Blue Trident, rebranded Weigh Anchor LLC by March 2022); active February to August 2022, paused, resumed July 2023 to present on a monthly retainer.
- Identify and pursue government contract opportunities aligned with company capabilities.
- Draft government contract proposals and company capability statements.
- Lead development of website and AI tools for document generation and process automation.
- Integrate business systems using Microsoft Power Automate, Zapier, and APIs.
- Manage lab equipment installations for Pfizer.
- Coordinate cross-functional teams to support timely project deliverables.
- Create estimates for private-sector RFPs based on construction drawings, including SWPPP, fencing, and permits.
- Apply for and manage government permits, including CGP, NOI, and SWPPP.

WePeacock (Peacock apparel), Remote

Founder

December 2021 to September 2022

- Ran an independent dancewear/apparel brand: clothing design, fabric sourcing and sizing, sewing, order fulfillment, shipping, and promotional video content.

Carlitos Media, Remote

Affiliate / Media Marketing

2024 to August 2025

- Worked media buying and lead-generation for the affiliate-marketing company; represented Carlitos Media at Affiliate Summit West 2025 (Las Vegas, February 2025), meeting with ad-network partners including Taboola and AdPlexity.

Kitchen Ads, Remote

Co-founder / Operator

October 2024 to April 2025

- Ran a pay-per-lead generation venture: built and deployed the site (kitchenadsFINAL on GitHub/Vercel), set payment and lead-validation terms; closed after a few months.

Video Editing (Freelance), Remote

Video Editor

2023

- Paid freelance video editing for two clients: Sol Media LLC (October to November 2023; \$425 per project via Zelle) and Ivan (2023; roughly \$1,000 to \$2,000 per project, paid in crypto and cashed out via Coinbase).

American Binary, Remote

Sales Consultant (commission-based)

September 2023 to May 2024

- Consulted on commission for the post-quantum cryptography startup (CEO Kevin Kane); commission-only, no payments received.

Bespoke Manufacturing Company (BMC), Phoenix, AZ

Tailor

March 2023 to April 2023

- Hired as a tailor at the on-demand apparel manufacturer (offer letter March 6, 2023 from Maria Topete; start date March 20, 2023).
- Paid via Paychex (deposits April 7 and April 21, 2023); employment ended within about a month; an Arizona OSHA (ADOSH) submission was received April 19, 2023.

Uceda School, Las Vegas, NV

English Teacher

July 2022 to February 2023

- Instructed English courses for adult learners across multiple proficiency levels.
- Taught adult ESL classes using *Interchange* and *Let's Talk*, including integrated four-skills instruction and dedicated speaking and listening practice.
- Developed lesson plans, organized coursework, and prepared learning materials.
- Administered assessments, evaluated student performance, and documented progress.
- Facilitated immersive language-learning activities to improve student engagement.
- Resigned from full-time teaching February 2, 2023, offering to continue as a part-time substitute.

Arcadis, Seattle, WA

Construction Project Manager | Client: Seagen

February 2021 to March 2022

- Oversaw day-to-day planning, engineering, construction management, handover, and associated deliverables for multiple projects.
- Managed \$50M in laboratory equipment installation across 30 projects.
- Led contractor activities for a \$2M warehouse renovation, including municipal permitting.
- Evaluated biotechnology equipment specifications for procurement based on client requirements.
- Coordinated regulatory approval processes with local authorities for project advancement.

KnowledgeCity Inc., Remote

Project Manager

December 2021 to January 2022

- Prioritized and resolved incoming IT technical-support tickets according to urgency and complexity.
- Executed database queries and created management profiles for external client system control.

- Maintained an efficient technical-support workflow to support timely client issue resolution.

Mosgym, Moscow, Russia

Zumba/Dance Instructor

November 2020 to December 2020

- Taught weekly classes with on-call availability; designed each class to participants' skill levels.
- Compensation included free membership plus class income.

ChiFitDance, Moscow, Russia

Independent Dance-Fitness Instructor (own classes)

Fall 2020 to December 2020

- Ran his own dance-fitness classes under the ChiFitDance name, renting studio time (including at Gold & Dance, and outreach to Sculpt Studio in September 2020) and promoting via Instagram (@chi.in.russia).

FitCurves, Moscow, Russia

Dance Teacher

August 2020 to December 2020

- Choreographed Latin and hip-hop dance classes at the women's circuit-training franchise; his "FitCurves Training Video - Chi" was on YouTube by July 30, 2020.

Liden & Denz, Moscow, Russia

Native English Teacher

December 2019 to December 2020

- Developed English curriculum lesson plans aligned with organizational objectives.
- Taught English from pre-intermediate to advanced levels to diverse age groups.
- Prepared and conducted online classes through Zoom during pandemic restrictions.
- Transitioned instruction to virtual delivery while maintaining educational quality.

Okey English, Moscow, Russia

Native English Teacher

February 2020 to December 2020

- Developed and delivered communicative lesson plans for online teaching.
- Led online speaking clubs through Zoom for children, teens, and adults across English levels.

Sam's Club, Morgantown, WV

Associate

January 2020 to February 2020

- Worked early-morning shifts for one month between Moscow teaching stints to fund an expedited passport and visa replacement.
- Paid via Walmart Associates payroll (deposits January 22 through March 4, 2020; store #4936, Morgantown/Granville).

BarSphere Agency, Washington, DC area

Contract Bartender / Event Staff

October to November 2019

- Staffed events for the DC/MD/VA mobile bartending service; PayPal records document payments on October 24, November 11, and November 19, 2019.

Get Hitched Mobile Bar, Ijamsville, MD

Wedding Bartender

November 2019

- Bartended the Kaplan/Lebherz wedding at Glen Ellen Farm (November 2, 2019); Maryland TAM-licensed.

GetPlated Catering, Washington, DC

Event Bartender (contract)

October 2019

- Bartended catered events as an independent contractor.
- Completed contractor onboarding on October 1 and worked an October 13 shift; direct deposits on October 18 and October 25 totaled \$310.60.

The Bank, Morgantown, WV

Security Staff (Bouncer)

September to October 2019

- Worked entry and floor security at the downtown bar/nightclub, monitoring patrons, enforcing house rules, and removing disruptive guests when directed by ownership.

Wholesome Hoe, Remote

Founder / E-commerce Operator

March to September 2019

- Launched and promoted the lifestyle e-commerce brand through video content, a product website, and Shopify.
- Payout records document sales activity from May through September 2019.

Matchbox, Bethesda, MD

Server

August 2019 to September 2019

- Served in a full-service restaurant (Thompson Hospitality); hired August 23, 2019.

Julii, North Bethesda, MD

Server

August 2019

- Served at a Mediterranean restaurant at Pike & Rose for approximately one week while pursuing a bartending path.

Jobble Gig Platform, New England

Brand Ambassador / Event Staff

July 2019

- Worked as Toyota brand ambassador at the NASCAR Cup race weekend, New Hampshire Motor Speedway (July 20-21, 2019).
- Worked housekeeping at Hyatt Place Marlborough Apex Center, Marlborough, MA (July 25-28, 2019).
- Earlier Jobble gig: bartender at the Boston Food Trucks Festival (July 2017).

Evoqua Water Technologies, Colorado Springs, CO

Project Manager - Fulfillment

January 2019 to April 2019

- Managed \$5.5M in internal asset builds across three concurrent projects.
- Led the "BTC Crested Butte" reverse-osmosis container build (SAP project 2034/001084): ~\$1.6M annual revenue at 50% gross margin, 43% IRR, 2.3-year payback; served as project contact and tracked a 328-vs-72-hour labor variance to close.
- Coordinated activity between Sales, Applications Engineering, Supply Chain, and Site Execution (Production Supervisor: Larry Simons).
- Maintained customer relationships through clear communication of project expectations.
- Used Microsoft Project, SharePoint, and SAP to process and track WBS elements for customer orders and budget management.

Evoqua Water Technologies, Boston, MA

Facilities - Manufacturing Engineer

June 2018 to December 2018

- Developed a production scheduling tool that reduced in-process work-in-progress inventory.
- Supervised first-shift operations for the continuous deionization product line with 20 direct reports.
- Used AutoCAD Inventor to design and build a testing stand that improved rotameter part quality.

HQ Nightclub, Morgantown, WV

Security Staff

August 2017 to January 2018

- Regulated venue entry and verified identification to ensure the safety of all patrons.
- Responded promptly to de-escalate and peaceably disband confrontations in high-pressure situations.
- Maintained establishment cleanliness standards throughout and at the end of each shift.

William Ference Catering, Boston, MA

Host, Bartender, Server

June 2017 to December 2018

- Greeted incoming and departing guests and escorted them to assigned dining areas.
- Coordinated with kitchen staff to ensure timely and accurate order preparation.
- Memorized more than 50 drink and cocktail recipes with variations.
- Provided bar patrons with attentive, personable service at catered events.

Red Square Pub Dance & Nightclub, Burlington, VT

Security Staff

June 2017 to August 2017

- Verified identification at the door and controlled entry to the venue.

- Responded promptly to de-escalate confrontations in high-pressure situations.
- Danced and hyped the crowd during live band performances.

General Electric Aviation, Rutland, VT
Manufacturing Operations Intern

June 2017 to August 2017

- Optimized chemical introduction in a closed-loop system, resulting in a 25% efficiency increase.
- Wrote engineering scope of work for piping redesign of an electrolyte treatment system.
- Managed a competitive bid process for recycling waste, resulting in approximately \$36K revenue and 1.1K tons of waste reduction per year.

General Electric Aviation, Greenville, SC
Environmental Health and Safety Intern

August 2016 to December 2016

- Created 20 noise-abatement projects and managed them to completion.
- Managed competitive bid process for a noise paneling project, resulting in \$89K per year in cost avoidance.
- Investigated and closed 20+ safety concern reports to maintain safety compliance.
- Conducted Environmental Health and Safety training for on-site staff.
- Supported development of safety protocols for workers handling large industrial manufacturing equipment.

Dow Chemical Company, Charleston, WV
Infrastructure - Wastewater Treatment Intern

May 2016 to August 2016

- Solicited vendor quotes for sludge dewatering systems, tank aeration equipment, and clarifier repairs.
- Developed confined-space entry and lock-out-tag-out procedures for 15 facility equipment units.
- Authored fire safety protocols for West Virginia operations wastewater treatment facilities.
- Validated storage tank secondary containment compliance against West Virginia regulatory code.
- Monitored SCADA system alerts and implemented appropriate alarm-response protocols.

General Electric Aviation, Cincinnati, OH
Facilities - Environmental Health and Safety Intern

January 2016 to May 2016

- Managed competitive and sole-source bids for water tank repair and swale ditch cleaning projects.
- Developed and maintained a network of key opinion leaders across GE Aviation sites.
- Conducted training on utilization of a new environmental project submission platform.
- Managed a \$6M environmental fund, resulting in approximately 23K metric tons of CO2 reduction and \$2M annual cost savings.

General Electric Aviation, Middle River, MD
Environmental Health and Safety Intern

May 2015 to August 2015

- Investigated and closed 100+ safety concern reports to maintain safety compliance.
- Managed bid process for dock improvement projects, generating \$40K per year in savings.
- Updated the company respiratory protection program, including more than 400 individual assessments.

Joe Mama's, Morgantown, WV
Security Staff

August 2015 to December 2015

- Regulated bar entry and verified identification to ensure the safety of all patrons.
- Responded promptly to peaceably disband confrontations in high-pressure situations.
- Worked with the team to maintain and clean the establishment at the end of each shift.

West Virginia University Residence Life, Morgantown, WV
Night Staff Area Advisor

Fall 2014

- Staffed overnight coverage across residence halls (hired/processed August 2014 under Avery "Tony" Richardson); worked alongside Kwaku Nathan for roughly one to two months.

West Virginia University, Morgantown, WV
Biology 115/117 Teaching Assistant

August 2014 to December 2016

- Tutored students during weekly office hours.
- Supported classroom teaching by answering student questions during lectures.

- Led monthly review lectures for classes of 200+ students.

Mountaineer United Soccer, Morgantown, WV
Club Coach

March 2014 to May 2015

- Taught tactical aspects of soccer to students ages 7-10.
- Maintained order, control, and effective discipline on the soccer field.

K-Mart, Morgantown, WV
Pharmacy Technician

October 2012 to January 2013

- Took prescription information from customers and health professionals.
- Counted, measured, packaged, and labeled medications for prescriptions.
- Processed insurance claims and accepted payment for prescriptions.

Arby's, Morgantown, WV
Crew Member

July 2012 to August 2012

- Cooked and assembled food items, ran the register, and assisted customers.

Wendy's, Morgantown, WV
Crew Member

June 2010 to September 2011

- Cooked and assembled a variety of food items as needed.
- Greeted customers, promoted popular items, and expedited purchases at the register.

Dominion Post, Morgantown, WV
Newspaper Carrier

May 2008 to September 2008

- Delivered papers and collected payment from clients.
- Sold subscriptions door-to-door to increase the number of clients.

GIG AND PLATFORM WORK

Driving and delivery platforms worked between and alongside full-time roles:

- Caviar courier | Boston, MA | June to July 2017
- Lyft and Uber driver | Morgantown, WV | August 2017 to May 2018
- Grubhub delivery | Morgantown, WV | November 2017 to April 2018
- Mr. Delivery (via Delivery Drivers Inc.) | Morgantown, WV | November 2017 to May 2018
- Postmates courier | December 2017 to June 2018; June to December 2019
- Amazon Flex | December 2017 to September 2018; 2021; October 2023 to September 2024
- Uber Eats and Uber driver | Boston, MA | June 2018 to December 2018
- Food delivery (multi-app) | Denver, CO | May to June 2019
- DoorDash | Colorado Springs, CO May 2019; Washington, DC September to December 2019; 2021
- Uber (mostly, in a Tesla) and Lyft | Phoenix / Scottsdale, AZ | 2023, into the Weigh Anchor retainer

RESEARCH EXPERIENCE

West Virginia University | Morgantown, WV

Klinke Lab (Chemical Engineering / Immunoengineering) - Dr. David Klinke

- Investigated whether the immunosuppressive protein WISP1, known from 2D cancer cultures, is also produced in 3D spheroid tumor culture under hypoxic vs. normoxic conditions (melanoma, tumor-derived exosomes, adoptive T-cell therapy context). December 2014 to December 2015
- Ran ELISA and ECL immunoassays and fluorescent protein labeling; performed the literature review and designed the 3D-vs-2D comparison.

Sooter Lab (Health Sciences Center) - Dr. Letha Sooter

Summer 2014

- Selected DNA aptamers via SELEX targeting *Pseudomonas aeruginosa* toward a real-time wound-infection biosensor; ran counter-selection against *Acinetobacter baumannii*, MRSA, and human blood serum across a 12-round strategy.
- Ran small- and large-scale PCR, gel electrophoresis and Gel Doc imaging, Nanodrop quantification, and flow cytometry; wrote the methods protocols and project proposal.

- Studied mycorrhizal-fungi influence on aluminum resistance in *Medicago truncatula* across aluminum (0-50 uM) and fungal treatments; ran hydroponic harvests and ion chromatography for organic acids and analyzed Ca/P tissue content.
- Developed antioxidant enzyme-assay protocols; produced a proposal, midterm presentation, and final poster.

SKILLS

- | | | |
|--|---|--|
| • Project management | • Vendor and subcontractor coordination | • Microsoft Office, Google Workspace, Microsoft Teams, Slack |
| • Construction project planning | • Risk management | • Zendesk, ServiceNow, Jira |
| • Government proposal development | • Process automation | • React, React Native, Rust, Python, JavaScript, Node.js |
| • Estimating and bidding | • Process improvement | • Jupyter Notebooks, VS Code, Adobe Illustrator |
| • Budget management | • Quality and safety management | • AutoCAD Inventor |
| • Permitting and regulatory coordination | • Microsoft Project, SharePoint, SAP, Procore, ClickUp, Airtable, Asana, Trello | • Russian, intermediate |
| • Stakeholder communication | | • English, native |

RECALLED BUT UNVERIFIED (NO RECORDS FOUND YET)

Jobs Chi remembers that have no documentary trace so far - dates and details to confirm before any use:

- ~~The Bank~~ - RESOLVED: documented September 14-October 18, 2019 pay window. Mint records include \$50 cash income on September 14 and a \$180 check dated October 18; its November 19/21 activity is that same check bouncing and being redeposited, not November work. Blog posts published September 22-23 describe the work in the present tense and identify Omar as an owner. West Virginia business records connect The Bank at 344 High to 344 High Inc. and list Omar Abulaban as president/director. No source found for an August 2019 start or the recalled 2017-2018 stint.
- ~~Wholesome Hoe~~ - RESOLVED 2026-07-16: a separate e-commerce brand active March-September 2019, supported by a March 24 brand-launch video and Shopify payouts from May through September. Now a master entry rather than being folded into the later WePeacock venture.
- ~~BarSphere Agency~~ - RESOLVED 2026-07-16: paid DC-area event-bartending work, October-November 2019, supported by PayPal income on October 24, November 11, and November 19 and the company's mobile-bartending service profile. Now a master entry.
- ~~Postmates and early Uber~~ - RESOLVED 2026-07-16: Mint documents Postmates payouts from December 2017-June 2018 and June-December 2019, plus Raiser/Uber income from September 2017-May 2018 before the Boston Uber stint. Gig section corrected.
- Pizza Hut, Morgantown, WV - about one week, circa 2011-2012 (before Arby's; absent from his own 2013 resume)
- Bookstore job during the WVU years
- Painting job with his sisters - painting schools/elementary schools, "way back"
- Wine-tasting brand ambassador, McLean, VA - applied November 13, 2019; no proof he worked it
- Desert Services - RESOLVED: Project Coordinator (CEO Tim Haitaian), Oct 2025-Apr 2026; bullets now fleshed out from the Desert Services chat-history (PostgreSQL migration, contract classification, Maricopa dust permits + APN lookups). Per Chi, this stays on the master only and will NOT go on targeted resumes.
- Video Editing - RESOLVED: two paid clients, Sol Media LLC (Oct-Nov 2023, \$425 via Zelle) and Ivan (a collaborator, dates to confirm); the earlier OOV/Knights/"pitched clients" lines were wrong and are removed
- The 2014 accusation Chi recalls IS documented - blog "who am i" (Dec 1 2014): "a girl lowkey starts spreading rumors that I tried to sexually assault her" plus "a woman gets me fired"; fits the fall-2014 night-staff / debate-camp window, but the entry names neither the job nor the accuser
- Joe Mama's role and any details beyond August-December 2015 (dated via the "Emily Botralik"/Cornell Street era); role currently marked Security Staff from an old resume
- Gig-work section - confirm the cadence/format Chi wants for the one-line gig entries
- Which Moscow club let him go over lateness/missed classes (FitCurves or Mosgym)

- ~~305 Fitness in Washington DC, fall 2019~~ - RESOLVED 2026-07-14: Chi confirms he never took a class at 305 in DC; the “started in 305 Fitness in Washington DC” line on his 2021 applications was framing. The real record is the online certification, September 24, 2020.
- ~~Global English TEFL discrepancy~~ - RESOLVED 2026-07-14: Global English is a UK-based online provider; his course-review notes are dated July 14, 2019, matching the master’s Morgantown/August 2019 entry. The “Denver 250-hour” line on the 2020 dance resume has no supporting evidence and is treated as an error.
- TikTok Live income (live Zumba/dance era, 2022) - real income source; decide whether it belongs on the master
- 2024 Scottsdale apparel push - documented sourcing/manufacturing outreach (Sewport, White2Label, Alibaba, MagnaReady licensing talks); likely a continuation of WePeacock rather than a separate venture - confirm and merge
- ~~PepsiCo~~ - RESOLVED 2026-07-14: he accepted a PepsiCo role (May 2017) and drove to Tennessee to start, but the driving background check came back bad over a ticket and the offer was pulled last-minute; he called GE and took the GE Aviation Rutland VT internship instead. Explains the summer-2017 GE Rutland entry. Not a held job.
- ~~Second lead-gen/marketing company~~ - RESOLVED 2026-07-14: it was Carlitos Media (affiliate marketing); he was let go August 2025. Now a master entry; confirm the exact start month and his title.
- WVU summer-camp job (recalled, with a false-accusation ending) - the likely match is the WVU debate camp he was involved with in August 2014 (thread with coach “NB”/Neil, Samantha Godbey, Samuel Darkwa; carpooling, camp schedule); confirm whether he staffed/coached it (paid) and whether that is where the accusation happened.
- ~~Walsh Group~~ - RESOLVED: NOT a job. It was an MBA program Chi briefly enrolled in (the \$4,124 was scholarship/loan aid, not pay); he is no longer in it. Not employment, off the master. (ENTEK stays interview-only.)
- ~~Joe Mama’s year~~ - RESOLVED: August-December 2015 (Chi confirmed he misspoke saying 2014; matches the October 2015 blog).
- ~~Chime / Robinhood accounts~~ - CHECKED 2026-07-14: both now in the finance sources, but neither adds job income - Chime was dormant (empty through the job years) and Robinhood is personal investing/crypto trading. Ivan’s crypto is already visible as Coinbase cash-outs into Ally. (Uceda pay predates the exported Chime statements, which start July 2023.)
- OOOI (Jan 2024) - a venture/role that stayed image-only in notes; what was it and were you paid?

Resolved 2026-07-14: the “Bangkok arrangement” was the Weigh Anchor monthly retainer worked remotely from Bangkok (December 2023 to May 2024) - he paid his own rent; American Binary was commission-only with no payments on record.

RESUME STRATEGY NOTES (FOR NEXT SESSION)

- This master is the truth store. Targeted / persona resumes may reframe titles and message dates (Chi’s call); the master stays accurate.
- Title elevation is approved: Chi’s Weigh Anchor managers OK’d framing him as “Senior Project Manager” (or higher) on targeted resumes.
- Desert Services stays master-only - it will NOT go on any targeted resume.
- Build next: a biotech / GMP project-management persona resume - lean on the ChemE degree + Seagen/ Arcadis biotech PM + GMP-manufacturing framing. Chi wants this explored and noted, not finalized yet.
- Flesh out the existing project-management resume (higher-altitude framing). Keep and optionally beef up the service (“streets”) resume - it can carry framing/mistruths that the master cannot.
- Personas to produce over the experience bank: teaching, project-management, senior/exec PM, biotech-GMP PM, and service.
